

DECLARATION FOR 2019

I _____ decree that as of January 1st, 2019, I am committed to walking every minute of every day in conscious partnership with my Soul, my inner knower, my inner wisdom.

In decreeing this partnership, I understand that my Soul will draw to me all things, situations and people necessary in order for me to learn about myself and heal. My Soul will help raise up and transform all aspects of my personality, beliefs and behaviors that are not in alignment with my highest expression and vision for myself and my world. I have faith that I am loved unconditionally through this process and know that my SOUL is here to guide me 100% of the way. By walking in partnership with my soul, I acknowledge that I am choosing to be awake and to embody my highest potential, which is to share my unique gifts, step into my passion and shine my light. When I do this, I am of greatest service to the world.

My vision for 2019:

THIS OR SOMETHING BETTER for the greater good of all. AND SO IT IS.
